

Syndicate Planner

More chances to win

To create a syndicate:

1. Select the game and ticket option(s) you wish to play (see page 2 for ticket options).
2. Divide the total cost of the tickets by the number of shares to determine the cost per syndicate member.
3. Fill out a playslip or ask for a Slikpik and let your retailer know how many share tickets you need.
4. Give each syndicate member their share ticket. Any wins can be claimed using their individual share ticket at any authorised Lotterywest store.
